Adobe Acrobat Reader Clone - Phase 1

Executive Summary & Architectural Specification

This document serves as the live test benchmark for the newly engineered Adobe Acrobat Reader clone UI shell and rendering pipeline.

Page 1: System Architecture and Subsystems Overview

Page 2: Core Graphics & Font Engine

Demonstrating multi-page virtualized rendering, font hinting,
and continuous scrolling in the Acrobat Reader canvas.

High-performance rendering with PDF.js engine integration.

Page 3: Interactive Annotations & Signatures

Demonstrating highlight annotations, sticky notes, freehand ink,
and Fill & Sign capabilities matching the original Acrobat specifications.
